From *Aujua*—hair care designed to nurture the beautiful hair of Japanese women and born from the Japanese atmosphere, culture, and hair characteristics— we announce the launch of a new aging care series

## ***Aujua Timesurge Line on Sale February 1***

We have a thorough understanding of the changes to the hair’s internal structure brought by the passing of the years. Our product lineup includes the Salon Care Series, which targets hair difficult to moisturize or treat with conventional treatments, as well as the Home Care Series, which offers daily care for hair changed and made unruly by the aging process.

*Aujua* has always provided consistent solutions from Salon Care through to Home Care. We are proud to announce the launch of the new *Aujua Timesurge* line, which specifically offers hair care for the changes triggered by the aging process. As a hair care brand designed as a lifelong companion for the hair of our customers, we seek to offer support for the beautiful hair of Japanese women.

### Product Features

1. New aging care ingredient Vitamin B6 works inside the hair itself, which is often changed by the aging process, imparting a plump compliancy from within and leading the way to soft, beautiful hair.
2. Salon care treatment that effectively introduces active ingredients (Vitamin B6 and low molecular soft keratin) from within hair changed by the aging process, working from a thorough understanding of their hair's internal structure.
