Villa Lodola Aqua Series on Sale April 21

Beauty the *organic* way

Given the strong values of mature women toward safety and security, health, and future, Japan’s beauty market places an increasing emphasis on naturally-derived materials; thus, Milbon has developed a new lineup of whole-body organic moisturizing floral water mists—the Aqua Series, derived from the goodness of plants and gently caring for hair and skin—into its salon-exclusive organic Villa Lodola line.

Offering a selection of three fragrances—Lavender, Neroli, and Rose—depending on each user’s mood or preference, these mists enrich the spirit and restore the balance of mind and body.
